Renegotiating Ethics in Literature, Philosophy, and Theory

1998-12-10

is it possible for postmodernism to offer viable coherent accounts of ethics or are our social and intellectual worlds too fragmented for any broad consensus about the moral life these issues have emerged as some of the most contentious in literary and philosophical studies in renegotiating ethics in literature philosophy and theory a distinguished international gathering of philosophers and literary scholars address the reconceptualisations involved in this turn towards ethics an important feature of this has been a renewed interest in the literary text as a focus for the exploration of ethical issues exponents of this trend include charles taylor bernard williams iris murdoch cora diamond richard rorty and martha nussbaum the latter a contributor and a key figure in this volume this book assesses the significance of this development for ethical and literary theory and attempts to articulate an alternative postmodern account of ethics which does not rely on earlier appeals to universal truths

theory written specifically for this volume nearly half of the essays are written or revised exclusively for this anthology which now also features eleven essays new to this edition as well as expanded sections discussing theory reproductive technologies war and terrorism and animals content allows teachers to discuss discrete practical issues e g euthanasia focus on the broader grouping of topics e g life and death or focus on common themes which bridge sections sexism moral standing individualism and community section introductions not only outline the basic issues discussed in the essays but relate them to theoretical perspectives and practical issues discussed elsewhere in the book guides students with supporting introductory essays on reading philosophy theorizing about ethics writing a philosophy paper and a supporting web site at hughlafollette.com/eip4

Ethics in Planning

2017-09-22

some planners limit discussions of ethics to simple though important questions about the propriety of their daily activities this approach to ethics restricts discussion of professional ethics to the propriety of everyday social and professional relationships it ignores the broader ethical content of planning practice methods and policies while narrow definitions of ethical behavior can easily preoccupy public officials and professional associations they divert attention from more profound moral issues martin wachs argues that ethical issues are implicit in nearly all planning decisions for illustrative and educational reasons it is useful to divide ethics in planning into four distinct categories the first category includes the moral implications of bureaucratic practices and rules of behavior regarding clients and supervisors the second category includes ethical judgments which planners make in exercising their administrative discretion more complex and represented by a third category are the moral implications of methods and the ethical content of criteria built into planning techniques and models the final type represents the basic choices which society makes those inherent in the consideration of major policy alternatives ethics in planning contains a variety of representative papers to capture the current state of thinking this book will be important as a text for survey classes in professional ethics given by university planning programs it should also supplement short courses in planning ethics for practicing professionals and provide source materials for discussions of planning ethics sponsored by local chapters of the american planning association and similar organizations it gathers together exemplary and critical works thus it will also interest individual planners in a field that only continues to grow in recognition and importance

Ethics in Design and Communication

2020-02-20

this timely collection brings together critical analytic historical and practical studies to address what ethics means in the practice of design designers face the same challenges as everyone else in the complex conditions of contemporary cultural life choices about consumption waste exploitation ecological damage and political problems built into the supply chains on which the global systems of inequity currently balance precariously but designers face the additional dilemma that their paid work is often entangled with promoting the same systems such critical approaches seek to redress how to reconcile this contradiction among others in seeking to chart an ethical course of action while still functioning effectively in the world ethics in design and communication acknowledges the complexity of this subject matter while also demonstrating that in the ongoing struggle towards an equitable and sustainable world the talents of design and critical thought are essential featured case studies include graphic design internships today the dark web and media coverage of the 2016 us presidential election the fact that within this book such a wide array of practitioners scholars critics and professionals commit to addressing current injustices is already a positive sign nonetheless it is essential that we guard against confusing the coercive force of moral imperatives with ethical deliberation when conceiving a foundation for action

Research on Professional Responsibility and Ethics in Accounting

2020-10-16

Ethics in Public Administration

1993-04-30

ethics in public administration provides public administrators with a theoretical knowledge of ethical principles and a practical framework for applying them sheeran reviews the place of ethics in philosophy links it to political and administrative theory and practice and analyzes the ethical theories and concepts from which ethical principles are derived before delving into ethics as part of philosophy sheeran provides the reader with a brief overview of philosophy and its principal subjects including ontology epistemology and psychology he offers several definitions of ethics and discusses both the objectivist absolutist and interpretivist situation ethics perspectives sheeran focuses on the subject matter of ethics human actions and their morality exploring natural law man made law and conscience as sources for determining the morality of human action in later chapters he applies his discussion of ethics to such controversial policy issues as suicide murder abortion sterilization capital punishment war lying and strikes recommended for graduate and upper division undergraduate courses in public administration public policy management and administrative behavior

Ethics in the Presence of Christ

2011-12-01

by casting the identity of christ as the one who is present holmes concentrates on how christ ministers his power truth and love in the

spirit for the sake of the transformation of human life as present christ s work is both finished and unfinished complete and open ended as endlessly contemporary it is constitutive of reality and so re shapes the ethical landscape and the moral life in revisiting the doctrine of christ s contemporaneity with its ethical implications firmly in view holmes s work fills a lacuna in the contemporary literature on christian ethics in conversation with john s gospel the priority of christology comes to drive the very shape of moral questions for today here the compelling task of ethics is a matter of becoming aligned with and transparent to christ s own presence and so to christ s work of making all things new

Ethics in Economics, Business, and Economic Policy

2011-12-27

in 1989 for the first time the european business ethics network eben assembled european research institutes for economics and ethics or business ethics at the nijenrode universiteit voor bedrijfskun de nijenrode business schood in the netherlands in 1990 this meeting of european research institutes was held at the centrum voor econo mie en ethiek centre for economics and ethics katholieke universi teit leuven in belgium in 1991 the institutes met in the hannover meeting of european re search institutes on economics and ethics 3rd annual eben meeting of business ethics research centres in europe in the forschungsinstitut fur philosophie hannover research institute for philosophy hanno ver at hannover germany on april 19th and 20th 1991 this volume publishes the papers and discussion summaries of the hannover meeting in which sixteen institutes from ten european countries took part i should like to thank all those who helped to make this conference a success to my co workers at the research institute of philosophy hannover particularly to anna maria hauk and annette kleinfeld wernicke to those who wrote the discussion summaries and to eben and its president henk van luijk who took the initiative to institution alize these european meetings of research institutes working in the field between economics management science and philosophical ethics

Cosmopolitanism

2007

we are increasingly accustomed to think of mankind as divided between warring creeds separated from one another by chasms of incomprehension in cosmopolitanism kwame anthony appiah one of the world s leading philosophers challenges us to redraw these imaginary boundaries reviving the ancient philosophy of cosmopolitanism as a means of understanding the complex world of today appiah argues we concentrate too much on what makes us different rather than recognizing our common humanity cosmopolitanism confronts our preconceptions about us and them and aims to change the way we think it is a moral manifesto for a planet of strangers

Ethics in Crisis

2013-05-28

ethics in crisis offers a constructive proposal for the shape of contemporary christian ethics drawing on a new and persuasive interpretation of the ethics of karl barth david clough argues that karl barth s ethical thought remained defined by the theology of crisis that he set out in his 1922 commentary on romans and that his ethics must therefore be understood dialectically caught in an unresolved tension between what theology must and cannot be showing that this understanding of barth is a resource for contemporary constructive accounts of christian ethics clough points to a way beyond the idolatry of ethical absolutism on the one hand and the apostasy of ethical postmodernism on the other
