a stunning tale set in england paris and moscow chronicling blanch s love for an older russian man and the passionate obsession that takes her to  
siberia and beyond my book is not altogether autobiography nor altogether travel or history either you will just have to invent a new category

lesley blanch wrote about journey into the mind s eye a book that remains as singularly adventurous and intoxicating now as when it first came out in 1968 russia seized lesley blanch when she was still a child a mysterious traveler swathed in siberian furs bearing fabergé eggs and icons as gifts along with russian fairy tales and fairy tales of russia came to visit her parents and left her starry eyed years later the same man returned to sweep her off her feet her love affair with the traveller as she calls him transformed her life and fueled an abiding fascination with russia and russian culture one that would lead her to dingy apartments reeking of cabbage soup and piroshki on the outskirts of paris in the 1960s and to siberia and beyond
