**Open Doors, 1994-1995** 1995 this report examines current and historical data on international student mobility based on surveys of foreign students and scholars in the united states and u s students in study abroad programs and the cooperative institutional research program the 83 data tables and 47 figures and accompanying summary text are organized as follows 1 total number of foreign students in the united states 2 enrollments by region and country of origin 3 undergraduate and graduate distribution by country of origin 4 field of study choices and geographic origins of students for 13 academic areas 5 the development of field of study choices over time for students from selected asian countries 6 access and participation rates of foreign students by sex and nationality 7 distribution of foreign students in the united states by county region and state 8 primary funding sources and estimated expenditures of foreign students 9 foreign student enrollments by institution 10 academic and personal characteristics of foreign students 11 numbers and destinations of u s students studying abroad 12 foreign student enrollments in intensive english programs and student geographic origins and 13 numbers and activities of foreign scholars on u s campuses brief essays on international education are included along with information about the survey methodology and the accompanying diskette sw

**Opening Doors** 1996 education abroad is an essential part of the university student experience initiatives such as iie s generation study abroad encourage more u s undergraduate and graduate students to study abroad according to the open doors 2019 report by the institute for international education iie 341 751 students participated in post secondary education abroad programs during the 2017 2018 academic year this figure represents an increase of 2 7 of u s students studying abroad from the previous year research shows that education abroad

provides students with opportunities not only to see the world but also to develop intercultural competence which is increasingly crucial in the 21st century workplace there are also numerous studies that show gains in autonomy confidence and tolerance for ambiguity in students who complete some type of study abroad experience in sum the education abroad experience in itself represents a powerful learning environment that continues to support personal and professional development long after returning home nonetheless these learning environments must be cultivated along with faculty who develop and lead programs as well as university partners and providers furthermore education abroad programming and assessment is complex and must take into consideration many factors including academic goals purposeful curricular development and a balance between academics and leisure activities on site this book explores the many aspects of education abroad as a learning environment such as student learning outcomes faculty development and program assessment and evaluation in addition several chapters present education abroad experiences as a model for community engagement and activism the authors represent a diverse range of institutions and perspectives and discuss programs around the globe the book represents the voices of faculty that lead education abroad programs students who participate in them and also those of international students on a u s campus reflecting on their personal experiences abroad furthermore this book contributes to the discussion of best practices to assist faculty and program directors in creating robust education abroad programs that meet the needs of their students and institutions

**Open Doors, 1996-97** 1997-12 it is of strategic importance for international students and scholars to come under the umbrella of global missions the author is convinced there is need for a paradigm shift in global missions with over one million international students from practically every country on the face of the earth many being christian having come to the u s for their higher education we cannot afford to waste this golden opportunity reasons will be provided why this is our divine moment in history for christian leadership to rise up and take action the potential is there for us to create a tremendous impact for christ on nations which in the past have been difficult to reach god works in mysterious ways and this has to be one of them it is imperative that we get with god s program and focus on identifying christian international students soon after their arrival on campus training them biblically and theologically equipping them for their return home following them up after their return with support documentation is provided some from missionaries themselves showing that properly trained christian international students after returning home are much more effective than traditional foreign missionaries reasons why are clearly and with great conviction provided however we still need traditional

foreign missionaries because of the fields being white unto harvest but the laborers are few the reader will be fascinated by the illustrations of those christian international students who returned home to accomplish feats for god on a scale that never before had been thought possible

*Open Door to English Book 2* 2014-12-07 cross cultural experiences in university settings have a significant impact on students lives by enriching the learning process and promoting cultural awareness and tolerance while studying abroad offers students unique learning opportunities educators must be able to effectively address the specific social and academic needs of multicultural learners exploring the social and academic experiences of international students in higher education institutions is a pivotal reference source for the latest research on the issues surrounding study abroad students in culturally diverse educational environments featuring various perspectives from a global context on ensuring the educational structural and social needs of international students are met this book is ideally designed for university faculty researchers graduate students policy makers and academicians working with transnational students
