new chapter has been added called practice can be fun which includes material from speeches the author has given at institutes to children parents and teachers there are stories on practicing which can be read to children

The Suzuki Violinist (Revised)

1976

amadeus in michael rabin america s virtuoso violinist anthony feinstein tells the poignant story of the life and career of one of history s greatest violinists as a child prodigy rabin had the classical music world at his feet notable successes included a coveted emi contract recording the soundtrack for an elizabeth taylor movie and guest appearances on the milton berle show and the bell telephone hour yet no sooner had rabin taken his place alongside such illustrious colleagues as heifetz milstein and stern than he abruptly and inexplicably disappeared from the concert stage for three years the public saw and heard little of him in the mid 1960s rabin resurfaced and painstakingly began rebuilding a once great career then one morning the music world awoke to news of his sudden mysterious death at age 35 for the first edition of this biography feinstein had unprecedented access to rabin s private papers and medical history now he draws on additional material obtained from recent interviews with rabin s colleagues girlfriends and management the result is an added appreciation of rabin s remarkable family his cloistered upbringing and a micromanaged career that ensured not only great success but also periods of deep despair michael rabin america s virtuoso violinist is more than a story of a great violinist it is also the moving account of a man of rare talent who never stopped battling to find personal happiness on that fragile journey from wunderkind to adulthood

the essential technique book for violists

Etudes and Caprices, Op. 35

2016-09-08

until comparatively recent times very little had been written for the viola as a solo instrument our contemporary composers have done a great deal to remedy this situation bax beresowsky bliss bloch delius hindemith honegger milhaud vaughan williams walton and many others have contributed important sonatas suites and concertos for the viola many new works are constantly being added this new literature has placed new demands upon the violist who in the past found a place only as an orchestra or chamber music player higher standards of technical perfection are required it therefore occurred to me that the scalesystem published by the eminent pedagogue and violinist carl flesch regarded as a standard work by violinists the world over would be equally valuable to violists if translated into their medium i have undertaken this task with the encouragement of professor carl flesch the publishers and i hope that it will be found useful by performers and teachers of the viola charlotte karman new york october 1941

Extreme Viola

2015-02-01

string a fresh take on a time honored classic this edition of wohlfahrt s op 45 studies for violin book i features newly composed violin teacher accompaniments make technical study a fun and collaborative experience includes a preface on how to incorporate the studies into instruction and practice and a chart that categorizes the studies into right and left hand technical issues

The Art of Violin Playing

2000-10-31

in his book on left hand violin technique maestro ruggiero ricci addresses common problems in shifting by advocating the study of the glissando technique he asserts that re incorporating this technique will not only aid violinists in developing a better trained ear but also provide them with shortcuts to playing some of paganini s most difficult passages ricci introduces and compares old and new systems of playing to provide a context for the glissando system he outlines a series of glissando scales that provides the student with a blueprint for developing additional glissando scales in other keys he offers exercises designed to increase flexibility ear training coordination and crawling technique and has included a dvd in which he demonstrates various bowing techniques

First Etude Album for Violin

2007-11-07

in all areas of human endeavour time and again an individual appears who due to a multitude of personal attributes elevates his or her field to a hitherto unknown height such an individual was william primrose his name and the viola are synonymous janos starker this unique book is the result of a series of conversations with primrose in the last years before his death in 1982 david dalton describes how he came to the great artist armed with every question he could think of pertaining to performing on and teaching the viola the lively dialogue contains a wealth of illuminating advice for the student on the technicalities of playing the viola it is however far more than a technical guide the two violists discuss the unique position of their instrument an instrument without tradition is primrose s bald description they cover the topic of repertoire with fascinating insights into the performance of the great concertos by bartók and walton with which primrose was so closely associated still more invaluable advice emerges from the discussion of primrose s own experience on the art of performance on demeanour on stage on competitions on recordings and on preparing for a career the book is a tribute to one of the greatest artists of this century

Twenty-four Etudes

1989-11-30

jazz book a study of three basic outlines used in jazz improv and composition based on a study of hundreds of examples from great jazz artists

Ricci on Glissando

1996-05-01

the same notes can sound square or swinging depending on how the music is phrased this revolutionary book shows how many people misunderstand jazz phrasing and shows how to replace stiff phrasing with fluid lines that have the right jazz feeling in this book master pianist hal galper also shows how get that feeling of forward motion and also how to use melody guide tones correctly how to line up the strong beat in a bar with the strongest chord

notes and much more
