## **The Dictionary of Art 2003-02**

in the transmission we encounter various transformations of biblical proper names the basic phonetic relationship between semitic languages on the one hand and non semitic languages like greek and latin on the other hand is so complex that it was hardly possible to establish a unified tradition in writing biblical proper names within the greek and latin cultures since the greek and latin alphabets are inadequate for transliteration of semitic languages authors of greek and latin bibles were utter grammatical and cultural innovators in greek and latin bibles we note an almost embarrassing number of phonetic variants of proper names a survey of ancient greek and latin bible translations allows one to trace the boundary between the phonetic transliterations that are justified within

semitic greek and latin linguistic rules and those forms that transgress linguistic rules the forms of biblical proper names are much more stable and consistent in the hebrew bible than in greek latin and other ancient bible translations the inexhaustible wealth of variant pronunciations of the same proper names in greek and latin translations indicate that greek and latin translators and copyists were in general not fluent in hebrew and did therefore not have sufficient support in a living hebrew phonetic context this state affects personal names of rare use to a far greater extent than the geographical names whose forms are expressed in the oral tradition by a larger circle of the population

## **The Transformation of Biblical Proper Names** **2019-05-30**

the present volume collects seventeen case studies that characterize the various kinds of translations of the european culture of the last two and a half millennia from ancient greece to rome from the medieval world to the renaissance up to the modernity

a leading art historian s plea for a more engaged reading of italian renaissance art only connect constructs a history of renaissance paintings and sculptures that are by design completed outside themselves by the spectator that draw the spectator into their narrative plot or aesthetic functioning and that reposition the spectator imaginatively or in time and space john shearman s concern is mostly with anterior relationships with the viewer that is relationships conceived and constructed as part of a work s design making and positioning he proposes unconventional ways in which works of art may be distinguished from one another and in which spectators may be distinguished as well and enlarges the accepted field of artistic invention only connect challenges us to recognize the presuppositions of renaissance artists about their viewers shining a light on the process of discovery by some of the most inventive and intellectual artists of the period

for the millions who travel to italy to see the art and architecture of the sixteenth century places that captured rowe s heart and challenged his fertile mind this book will be a pleasurable read as much as it is a pinnacle of critical scholarship

## **Civil Affairs Handbook 1943**

over the course of several centuries venice fashioned and refined a portrait of itself that responded to and exploited historical circumstance never conquered and taking its enduring independence as a sign of divine favor free of civil strife and proud of its internal stability venice broadcast the image of itself as the most serene republic an ideal state whose ruling patriciate were selflessly devoted to the commonweal all this has come to be known as the myth of venice exploring the imagery developed in venice to represent the legends of its origins and legitimacy david rosand reveals how artists such as gentile and giovanni bellini carpaccio titian jacopo sansovino tintoretto and veronese gave enduring visual form to the myths of venice he argues that venice more than any other political entity of the early modern period shaped the visual imagination of political thought this visualization of political ideals and its reciprocal effect on the civic imagination is the larger theme of the book

## **Myths of Venice 2012-09-01**

lists articles notes and similar literature on medieval subjects in journals festschriften conference proceedings and collected essays covers all aspects of medieval studies within the date range of 450 to 1500 for the entire continent of europe the middle east and north africa for the period before the muslim conquest and parts of those areas subsequently controlled by christian powers

## **Italian Drawings: 14th-16th century 1979**

this new title continues bradt s coverage of lesser known but increasingly popular italian regions and is the only guide available to friuli venezia giulia a region which forms the major part of the hinterland of venice but does not despite the name include venice itself and which is a convenient and fascinating place to spend time on the beach in the alps or relaxing in the country it is notable also for its wines and distinctive cuisine which with touches of neighbouring austria and slovenia stirred in are starting to attract attention around the world written by long time travel authors and italy specialists dana facaros and michael pauls background and practical information are complemented by six easy to follow chapters from trieste to the coast gorizia and the borderlands udine pordenone and western friuli and the mountains carnia and the julian alps set in italy s northeastern corner friuli venezia giulia is one of the most ethnically and culturally diverse parts of the country and also one of the least known with bradt s friuli venezia giulia explore this small but varied region in detail from the alps of the north to the coastal resorts unspoiled wetlands and lagoons and from medieval towns like cividale to the strange desert steppe called the magredi and the lovely wine region of il collio discover the regional capital caffeine mad trieste where there are 67 different ways of ordering a cup of coffee and gorizia one of the biggest battle fronts of world war i which survives almost intact with miles of trenches and fortifications open for exploration bradt s friuli venezia giulia offers everything you need for a successful trip

## **The Art of Mantua 2008**

keynote the third volume in the only comprehensive modern survey of the surviving frescoes created during the later years of the great italian renaissance to the baroque following the success of the previous volumes in this extraordinary series italian frescoes the early renaissance and italian frescoes the flowering of the renaissance this volume presents twenty two fresco cycles each representing a notable achievement in the history of art the fresco cycles featured include brilliant works by michelangelo raphael titian andrea del sarto parmigianino bronzino veronese and carracci all of them still visible on walls and ceilings of palaces and churches spanning italy from the veneto to rome here are such celebrated sites as the sistine chapel in rome and palladio s villa barbaro in maser as well as lesser known gems each of the twenty two chapters is concise and authoritative offering a descriptive and interpretive essay on all aspects of fresco painting covering the artists and their patrons in the context of their cultural and political history each essay concludes with a diagram of the site followed by a series of full and double page color plates showing the entire cycle many reproduced from new photographs of recently restored frescoes no publisher until now has attempted to gather together and document all the important fresco cycles of the italian renaissance while this volume is a continuation of the previous books the high renaissance to the baroque easily stands alone as an incredible treasury of art and scholarship which will be eagerly collected by art historians and art lovers alike author julian kliemann teaches at harvard university s center for italian renaissance studies in florence and previously taught at heidelberg university michael rohlmann is a scholar at the bibliotheca hertziana rome and has written about raphael and michelangelo antonio quattrone is regarded as one of the leading photographers of works of art illustrations 360 colour illustrations

## **Literary Currents and Romantic Forms 2019-03-15**

a revelatory account of the complex and evolving relationship of renaissance architects to classical antiquity focusing on the work of architects such as brunelleschi bramante raphael and michelangelo this extensively illustrated volume explores how the understanding of the antique changed over the course of the renaissance david hemsoll reveals the ways in which significant differences in imitative strategy distinguished the period s leading architects from each other and argues for a more nuanced understanding of the widely accepted trope first articulated by giorgio vasari in the 16th century that renaissance architecture evolved through a linear step by step assimilation of antiquity offering an in depth examination of the complex sometimes contradictory and often contentious ways that renaissance architects approached the antique this meticulously researched study brings to life a cacophony of voices and opinions that have been lost in the simplified vasarian narrative and presents a fresh and comprehensive account of renaissance architecture in both florence and rome

## **The Riviera di Ponente, and in Piedmont and Lombardy 1884**

an exciting array of artistic styles awaits the reader in this impressive catalog of 86 selections from the smith college collection smith curators sievers muehlig who edited the related catalog masterworks of american painting and sculpture from the smith college museum of art lj 2 15 00 and rich have produced an extremely well researched and illustrated publication numerous european and american artists and subjects are

represented arranged chronologically from a late 15th century netherlandish silverpoint portrait attributed to dieric bouts to the mid 20th century abstract watercolor echo by american mark tobey media and degree of finish vary greatly from the cursory graphite sketch of jacques louis david s dramatic the sabine women c 1795 96 to the exquisite contrast between colors and textures seen in james jacques joseph tissot s highly finished gouache and watercolor young woman in a rocking chair 1873 80 colour 109 b w illustrations

## **Venice 2017-07-06**

the studiolo of federico da montefeltro in urbino the highlight of the ducal palace is the most complete surviving example of an early renaissance study its decorations dated 1476 consist of a coffered ceiling of inlaid panels depicting with impressice illusionism a fully furnished studiolo interior and of a painted frieze of 28 portraits of famous men the latter have recently been re assembled in the room 14 of them photographically since their originals remain in the louvre for the first time since their dispersal in 1632 much has been written on the decorations but scholars have never attempted to analyse the various parts as an interacting whole in order to establish whether they embody an iconographic programme such an investigation constitutes the main aim of the monograph after an introduction on the cultural background the various reconstructions of the painted frieze are critically surveyed to show why in spite of continuing controversy the arrangement proposed by rotondi in 1973 which the soprintendenza of urbino has followed should be treated as definitive the monograph also deals with the gubbio studiolo a derivative of the urbino one its woodwork is in the metropolitan museum a thorough re examination of the question of the reconstruction leads to the view that contrary to common assumption the liberal arts attributed to justus of ghent were not part of the original decorations both studioli are richly illustrated specially taken colour photographs of the famous men in situ are also included in the volume

## **Frommer'sÂ Portable Venice 1999-03-17**

this thesis examines giulio romano s late renaissance masterwork palazzo del te c 1525 36 in mantua in the context of playing a critical role in the political success of his patron federico ii gonzaga vis à vis holy roman emperor charles v at the palazzo del te giulio combined a multiplicity of techniques throughout as well as viewer engagement in the sala dei giganti c 1530 34 the clever complexity of giulio s palazzo stood in contrast to the conventional two dimensional portraits executed by many cinquecento court artists for their benefactors for centuries scholars have deliberated giulio s underlying intentions for his mysterious room of the giants at the palace the debates range from vasari s praise of the chamber in the 16th century to the 20th and 21st centuries when many academics have surmised that giulio s sala dei giganti exalted the gonzaga and somehow referred or paid tribute to the imperial emperor in contrast i assert that giulo s room of the giants represented something dramatically different the space with its fall of the giants frescoes conceivably held covert criticism of emperor charles v and the authoritarian political regime of the holy roman empire giulio s masterpiece chamber potentially comprised

indirect political dissent against foreign imperial occupation of the italian peninsula and also condemned the vicious quagmire of dynastic politics in early 16th century italy during the savagery of the italian wars 1494 1559 deliberately obscure discourse was of crucial importance as the state and church limited all forms of critical dialogue this thesis additionally considers the duality of giulio s palazzo del te although the palace was an autonomous work of art according to adorno s aesthetic theory it was also an exhibit of federico s princely power whilst demonstrating an oppositional stance against the totalitarian political environment of early 16th century italy mostly via giulio s ugly giants in the sala dei giganti after his visit to palazzo del te in 1530 the imperial emperor was so stupefied by giulio s palazzo and the sala di psiche c 1526 28 the companion room to the sala dei giganti that the habsburg monarch elevated federico ii gonzaga to the first duke of mantua conversely in 1532 charles v visited palazzo del te again and viewed the sala dei giganti when he had to interpret for himself the enigmatic iconography of giulio s fall of the giants frescoes i argue that it was plausible that the emperor comprehended giulio s arcane political game of protest which was similar to the humanist annibale caro s construal of the moral allegory at the gardens of bomarzo monarchs must not abuse their power nor should they position themselves higher than the gods giulio romano s genius and sophisticated subtle wit especially at his late renaissance chef d oeuvre palazzo del te solidified his own artistic reputation while enabling his patron to triumph in the midst of the treachery and chaos of charles v s gigantic political re structuring of early 16th century italy and her loss of political autonomy

## **Il Codice Cassinese della Divina Commedia per la prima volta letteralmente messo a stampa per cura dei Monaci Benedettini della Badia di Monte Cassino 1865**

the book is about a new development in italian renaissance art its aim is to show how artists and humanists came together to effect this revolution it is important because this is a long ignored but crucial aspect of the italian renaissance showing us why the masterpieces we take for granted are the way they are and there is no competitor in the field the book sheds light on some of the world s greatest masterpieces of art including botticelli s venus leonardo s leda raphael s galatea and titian s bacchus and ariadne provided by publisher
