Political Theory, International Relations, and the Ethics of Intervention 2016-07-27

this volume is about the discourse and practice of intervention and non intervention in international relations the product of a dialogue between theorists of politics and international relations it argues that intervention is endemic in world politics but that we need to move beyond traditional accounts of such practices in moving towards a more encompassing approach it explores traditional and post modern perspectives on our understanding of sovereignty the state and the state system conceptions of power identity and agency and universal particularist and contingent justifications for intervention and non intervention

Peacebuilding Paradigms 2020-12-17

peacebuilding is explained by combining interpretive frameworks paradigms that have evolved from the subfields of international relations and comparative politics

La protección del inversor en el programa de notas a medio plazo. -Medium term note programme- 2018-12-01

en el presente trabajo se aborda con carácter general la protección al inversor en el mercado de capitales desde el prisma de la regulación comunitaria y estadounidense y de manera especial en el programa de notas a medio plazo incidiendo en una primera aproximación en la asimetría informativa existente en el mercado financiero entre el inversor sobre todo el minorista y el emisor incrementada notablemente durante el reciente episodio de crisis financiera asimismo se ha desarrollado la estructura del citado programa de notas fase de establecimiento del programa y fase de emisión al igual que se han dedicado varios epígrafes a los diferentes documentos que lo componen con especial énfasis en el folleto de base y en aquellos términos y condiciones relativos a los valores notas que otorgan una protección relevante al inversor adicionalmente para garantizar la eficacia de las normas informativas que presiden el contenido del folleto de base se desarrolla el sistema de responsabilidad del emisor o persona responsable de la elaboración del folleto por otro lado se presenta una revisión sintética del reglamento ue 2017 1129 sobre el folleto que debe publicarse en caso de oferta pública o admisión a cotización de valores en un mercado regulado y por el que se deroga la directiva 2003 71 ce estableciendo un estudio comparativo con la regulación vigente de manera análoga teniendo en cuenta la importancia financiera y extra financiera de la inversión sostenible se realiza un examen del régimen aplicable a las emisiones de valores bajo el programa de notas dirigidas a financiar inversiones de carácter medioambiental y social prestando especial atención a aquellos aspectos que podrían mejorar la situación normativa actual de los green bonds y social bonds finalmente se entrelazan a lo largo del texto diferentes apartados relacionados con la nueva tecnología blockchain en la medida que la misma imprime de manera positiva un giro copernicano en la actual operativa sobre emisiones de valores dotándola de mayor operatividad seguridad y agilidad en su funcionamiento conjuntamente con un ahorro significativo de costes y mayor transparencia lo que redundará en beneficio de todos los intervinientes en este sistema incluyendo al inversor

Directing 2013-04-02

directing film techniques and aesthetics is a comprehensive manual that teaches the essentials of filmmaking from the perspective of the director ideal for film production and directing classes as well as for aspiring and current directors directing covers all phases of preproduction and production from idea development to final cut thoroughly covering the basics directing guides the reader to professional standards of expression and control and goes to the heart of what makes a director the book outlines a great deal of practical work to meet this goal with projects exercises the third edition emphasizes the connection between knowing and doing with every principle realizable through projects and exercises much has been enhanced and expanded notably aspects of dramaturgy beats and dramatic units pitching stories and selling one's work the role of the entrepreneurial producer and the dangers of embedded moral values checklists are loaded with practical recommendations for action and outcomes assessment tables help the reader honestly gauge his or her progress entirely new chapters present preproduction procedures production design script breakdown procedures and etiquette on the set shooting location sound continuity and working with a composer the entire book is revised to capitalize on the advantages offered by the revolutionary shift to digital filmmaking

The Ideas and Practices of the European Union's Structural Antidiplomacy 2018-09-17

in the ideas and practices of the european union's structural antidiplomacy steffen bay rasmussen offers a comprehensive analysis of the different facets of eu diplomacy arguing that it constitutes a unique form of international agency called structural antidiplomacy

Theories of International Relations 2022-01-13

this introductory textbook on international relations theory brings together a selection of leading experts to offer an unparalleled insight into the main paradigms and latest developments in the discipline presenting a full range of theories from realism and liberalism to institutionalism and green theory the sixth edition of this book has been extensively revised to offer a more global introduction to international relations it showcases insights from across the world and employs a historical and sociological perspective throughout to demonstrate how any understanding of ir is time and place contingent new to this edition are two new chapters on postcolonialism and institutionalism as well as boxed cases which apply theory to contemporary empirical examples including gendered policy in the un the phenomenon of fake news issues on migration and the crisis of the amazon's forest fires assuming no prior knowledge of international relations theory this text remains the definitive companion for all students of international relations and anyone with an interest in the latest scholarship of this fascinating field

The Poverty of Critical Theory in International Relations 2023-01-31

this book addresses the crisis of critique of frankfurt school critical theory in international relations and puts forward a proposal for how it can be overcome it starts from the premise that the present conjuncture marked by capitalist crisis and a fracturing international order urgently calls for critical perspectives capable of clarifying the state of global affairs and the emancipatory struggles within it critical theory in international relations should be well placed to provide answers to this demand yet it finds itself today in a state of decline its prevailing form that of a universalist cosmopolitan project reflects a narrow eurocentric perspective and the concerns of a time now past while the frankfurt school tradition as a whole struggles to develop new modes of analysis and new political imaginaries that are appropriate to the current historical situation the book diagnoses this situation of intellectual and political crisis and seeks to trace a way out it does so by providing a comprehensive account of the development of critical theory in international relations and the ways in which it has applied frankfurt school thought to the study of international politics it then makes a provocative case as to the exhaustion of the cosmopolitan and habermasian paradigm of critique that has guided frankfurt school research on international politics for the past thirty years finally it puts forward a proposal for the revitalisation of critical theory in ir through a renewed emphasis on the critique of political economy and sketches a research agenda which can make the tradition relevant again to contemporary political questions

Gendering Global Conflict 2013-08-06

laura sjoberg positions gender and gender subordination as key factors in the making and fighting of global conflict through the lens of gender she examines the meaning causes practices and experiences of war building a more inclusive approach to the analysis of violent conflict between states considering war at the international state substate and individual levels sjoberg s feminist perspective elevates a number of causal variables in war decision making these include structural gender inequality cycles of gendered violence state masculine posturing the often overlooked role of emotion in political interactions gendered understandings of power and states mistaken perception of their own autonomy and unitary nature gendering global conflict also calls attention to understudied spaces that can be sites of war such as the workplace the household and even the bedroom her findings show gender to be a linchpin of even the most tedious and seemingly bland tactical and logistical decisions in violent conflict armed with that information sjoberg undertakes the task of redefining and reintroducing critical readings of war s political economic and humanitarian dimensions developing the beginnings of a feminist theory of war

Theories of International Relations 2014-05-23

this book is a comprehensive guide to theories of international relations in given the limitations of a paradigm based approach it sheds light on eighteen theories and new theoretical perspectives in it by examining the work of key reference theorists the chapters are all written to a common template the introductory section provides readers with a basic understanding of the theory's genesis by locating it within an intellectual tradition paying particular attention to the historical and political context the second section elaborates on the theory as formulated by the selected reference theorist after this account of the theory's core elements the third section turns to theoretical variations examining conceptual subdivisions and overlaps further developments and internal critique the fourth section scrutinizes the main criticisms emanating from other theoretical perspectives and highlights points of contact with recent research in it the fifth and final section consists of a bibliography carefully compiled to aid students further learning encompassing a broad range of mainstream traditional theories as well as emerging and critical perspectives this is an original and ground breaking textbook for students of international relations the german edition of the book won the geisteswissenschaften international prize collectively awarded by the fritz thyssen foundation the german federal foreign office and the german publishers booksellers association

Paradigms and Theories Influencing Policies in the South African and International Water Sectors 2016-11-12

this book presents a new way of looking at and analyzing policies programs and or plans in which research scientists have used their knowledge to develop mechanisms such as south africa's national water resource strategy second edition australian and south african climate change adaptation strategies for government entities and the undp's water and ocean governance focus area it critically assesses how science can be used in the service of society and how researchers and practitioners can bridge the gaps that arise as a result of incomplete thinking presenting a bird's eye view of how thinking and understanding operate in the policy context it offers a valuable contribution to fields of inquiry such as research methods comparative analyses political science international relations and the natural and social sciences in general this book fills a market gap providing real world solutions to the practical application of science paradigms and theories

Conservation Behavior 2016-05-05

an in depth analysis of the impact conservation behaviour can have to develop practical tools to safeguard against biodiversity extinction

International Theory 1996-06-13

this book provides a major review of the state of international theory it is focused around the issue of whether the positivist phase of international theory is now over or whether the subject remains mainly positivistic leading scholars analyse the traditional theoretical

approaches in the discipline then examine the issues and groups which are marginalised by mainstream theory before turning to four important new developments in international theory historical sociology post structuralism feminism and critical theory the book concludes with five chapters which look at the future of the subject and the practice of international relations this survey brings together key figures who have made leading contributions to the development of mainstream and alternative theory and will be a valuable text for both students and scholars of international relations

Post-Soviet Conflict Potentials 2022-08-18

instead of resurrecting old images and nourishing new narratives about a new cold war post soviet conflict potentials features politically and legally oriented critical investigations into conflict potentials and dynamics in the post soviet region and beyond contributions coming from the disciplinary perspectives of international relations international law and comparative political science are linked to investigations dealing with international transnational regional and local levels of the dynamics between conflict and cooperation in the region despite the diversity of perspectives the authors of this volume take a shared critical view on an alleged new cold war as their point of departure observing that contemporary post soviet conflict potentials are produced through various discursive practices ranging from intentional choices of belligerent language to unintentional misinterpretations the chapters in this volume seek to shed light on conflict potentials from different angles as well as on processes that increase or decrease the probability of political and violent conflicts in the post soviet region together the authors offer individual and shared outside the box approaches to the study of conflict dynamics and potentials in the post soviet space the book draws connections to conflict potentials on the cross regional and global levels providing varied perspectives on what can be learned in and from the post soviet region the chapters in this book were originally published as a special issue of europe asia studies

Unauthorised Humanitarian Interventions in World Politics 2020-12-02

the question if states should intervene in massive humanitarian emergencies without a legal right to do so is still object of an important debate in the theory and practice of international relations this situation has not changed with the emergence of the responsibility to protect norm which stopped short of a right to intervene without a security council authorisation the book assesses the impact of such unauthorised humanitarian interventions on international society and regions it is written in the context of the english school of international relations based on empirical studies the author argues that they can be progressive constructive for international order if conducted with explicit legitimacy integrity and great power participation the argument is based on the analysis of six cases conducted between 1946 and 2005 specific consideration is given to the cases of liberia 1990 and kosovo 1999 in sum the book contributes to the solidarism pluralism debate and the discourse on humanitarian interventions

Political Realism in International Theory 1996-08-22

in this 1996 book roger spegele argues that in the past international theorists have failed to recognise that there is not one conception of international relations subdivided into different theories and approaches but at least three wholly different conceptions of the subject though

scholars are increasingly prepared to accept this there is still no consensus about what to call these conceptions how to describe them and why they should be studied this book attempts to fill this gap the author first examines two conceptions of ir positivism empiricism and emancipatory international relations which challenge political realism he then defends a revised version of realism called evaluative political realism from challenges arising from its rivals with the aim of defining a conception of political realism which is coherent viable and attractive

The Oxford Handbook of International Relations 2010-07

this oxford handbook assembles the world s leading scholars in international relations to present diverse perspectives about purposes questions theories and methods it will become the first point of reference for scholars and students interested in these key issues

Australians and Globalisation 2001-11-05

from colony to federation to the present it analyses the development of globalisation in australia

Globalization and Regionalization as Concurrent Phenomena in the European Governance Structure 1999

this book provides an assessment of the legacy challenges and future directions of critical theory in the fields of international relations and security studies this book provides first hand interviews with some of the pioneers of critical theory in the fields of international relations theory and security studies the interviews are combined innovatively with reflective essays to create an engaging and accessible discussion of the legacy and challenges of critical thinking a unique forum that combines first person discussion and secondary commentary on a variety of theoretical positions the book explores in detail the interaction between different theories and approaches including postcolonialism feminism and poststructuralism scholars from a variety of theoretical backgrounds reflect on the strengths and problems of critical theory recasting the theoretical discussion about critical theory in the study of world politics and examining the future of the discipline both an introduction and an advanced engagement with theoretical developments over the past three decades critical theory in international relations and security studies will be of interest to students and scholars of international politics security studies and philosophy

Critical Theory in International Relations and Security Studies 2012-03-29

the most important book on antitrust ever written it shows how antitrust suits adversely affect the consumer by encouraging a costly form of protection for inefficient and uncompetitive small businesses

The Antitrust Paradox 2021-02-22

the twenty first century is characterized by extremes of poverty and wealth of scarcity and abundance the vast inequalities of wealth distribution between the developed west and the impoverished developing world is a complex problem this book recognises that africa in particular has manifested this global disgrace and symbolizes the nature of poverty to the western world in order to truly emancipate the poverty stricken around the world we must necessarily understand the reasons for its existence in a departure from traditional critical realist theory gruffydd jones argues the benefits of reassessing the relevance of objective inquiry and emphasizes its primacy over normative theory in the battle to truly understand the reasons for the african crisis this approach brings us a book of real relevance for inequality in the modern world and gives us an important platform from which to move forwards in the fight against poverty

Explaining Global Poverty 2007-01-24

a unique examination of why the quest for global free trade often forgets that trade liberalization is organized regionally rather than multilaterally there are now more than 250 regional integration initiatives and this number is steadily increasing this trend raises a key question what is the impact of regional integration both for the countries involved and for those excluded from regional integration schemes using a combined economic political science and scientific approach this book explores how regional integration can be measured and evaluated and delivers comprehensive answers it looks at the methodological problems involved in designing monitoring tools for regional integration in a systematic way and makes a number of concrete suggestions for designing and organising systems of indicators of regional integration it also offers a critical overview of available indicators and tools and presents crucial new monitoring instruments this book will be of great interest to students and researchers of international relations and economics as well as policy makers and professionals within international and regional organizations

Assessment and Measurement of Regional Integration 2006-09-27

ensuring classrooms are inclusive to all students particularly those with disabilities such as autism spectrum disorder is crucial in today s educational landscape it is vital that educators are prepared and knowledgeable on the current best practices and policies in order to provide these students with the most thorough education possible rethinking perception and centering the voices of unique individuals reframing autism inclusion in praxis introduces a new model of reframing autism spectrum disorder inclusion for professors of preliminary teacher candidates and provides meaningful understanding and support for professors who prepare preliminary teacher candidates covering key topics such as equity mental disorders inclusive education and educational reform this reference work is ideal for administrators stakeholders policymakers teacher educators counselors researchers academicians scholars practitioners instructors and students

Rethinking Perception and Centering the Voices of Unique Individuals: Reframing Autism Inclusion in Praxis 2022-06-30

shapcott investigates the question of justice in a culturally diverse world asking if it is possible to conceive of a universal or cosmopolitan community in which justice to difference is achieved justice to difference is possible according to shapcott by recognising the particular manner in which different humans identify themselves such recognition is most successfully accomplished through acts of communication and in particular conversation the accounts of understanding developed by h g gadamer provide a valuable way forward in this field the philosophical hermeneutic account of conversation allows for the development of a level of cosmopolitan solidarity that is both thin and universal and which helps to provide a more just resolution of the tension between the values of community and difference students and scholars of international relations international ethics and philosophy will be interested in this original study

Justice, Community and Dialogue in International Relations 2001-11-08

hedley bull s the anarchical society was published in 1977 forty years on it is considered one of the classic texts in international relations it does not however address many world political issues that now concern us deeply such as terrorism global financial crises climate change the impact of the internet revolution deep rooted racial inequalities and violence against women moreover while the development of international relations as an academic subject has consolidated the status of the english school as one of the principal approaches to the study of world politics and the anarchical society as its key text significant limitations in bull s approach have also been identified this volume examines how far the anarchical society continues to illuminate world politics and how well bull s method and argument stand up today the volume argues that although many of bull s substantive judgements require updating his approach remains valuable not only for thinking about enduring problems of violence and security but also as a starting point for thinking about many issues that bull himself neglected however the contributors also develop important criticisms of bull s approach and identify ways in which it could be strengthened a key insight is that although the anarchical society is famous for explicating the concept of international society there is more to it than that indeed the contemporary relevance of bull s work is clearest when we recognize the often overlooked potential of his concept of the world political system referring to the global network of interactions of which modern international society is only a part

The Anarchical Society at 40 2017

this book critically conceptualises positive security and explores multiple areas in global politics where positive security can be studied as an alternative to the existing understandings and practices of security structured through a framework on the practice and ethics of everyday security the book defines positive security as a focal point of contextual and spatiotemporal moments that emerge through encounters with the other in everyday politics in these moments an actor can show attentiveness and humility towards the other in this book the authors present their own understandings of positive security offering an in depth discussion and analysis of the global north and south divides delving into many aspects such as human security migration gender indigenous issues and perceptions of security in the arctic and

angelo a private in mussolini s ever glorious italian army may possess the virtues of love and an engaging innocence but he lacks the gift of courage however due to circumstances beyond his control he ends up fighting not only for italy but also for the british and german armies eric linklater who served with the black watch in italy in world war ii is one of scotland s most distinguished writers in private angelo he has written a book which demonstrates that honor is not solely the preserve of the brave

Private Angelo 1992

this book provides a detailed survey and analysis of us kurdish relations and their interaction with domestic regional and global politics using the kurdish issue to explore the nature of the engagement between international powers and weaker non state entities the author analyses the existence of an interactive us relationship with the kurds of iraq drawing on governmental archives and interviews with political figures both in northern iraq and the united states the author places the case study within a broader international relations context the conceptual framework centres on the inter relations between actors both state and non state and structures of material and ideational kinds while the detailed survey and analysis of us kurdish relations in their interaction with domestic regional and global politics forms the empirical core of the study stressing the intertwining of domestic and foreign policy as part of the same set of dynamics the case study explains the emergence of the interactive and institutionalized us relationship with the kurds of iraq that has brought about the formation within an iraqi framework of an undeclared us official kurdish policy in the post saddam era filling a gap in the literature on us kurdish relations as well as the broader topic of international relations this book will be of great interest to those in the areas of international relations middle eastern and kurdish politics

The Kurds and US Foreign Policy 2010-10-18

executive search headhunting is now one of the archetypal new knowledge intensive professional services as well as a labor market intermediary bound up with globalization in this book the authors examine the key actors in the process of executive search globalization leading global firms and offer an interpretation of the forces producing the contemporary organizational strategies of global executive search the globalization of executive search documents the forms of institutional work that have legitimated the role of executive in elite labor markets and created demand for the services of global firms this exposes not only the changing geographies of executive search but also how executive search has established itself as a new knowledge intensive professional service the authors reveal how the globalization of executive search is exemplary of the processes by which a range of new knowledge intensive professional services have come to be globally recognized approaching the heart of contemporary capitalism

The Globalization of Executive Search 2014-09-19

andrew linklater has been one of the most innovative thinkers in international relations introducing critical and ethical elements into the discipline which has forced it to rethink many of its basic assumptions this book builds on this body of work to develop a radical new theory that calls for a cosmopolitan approach to international relations key subjects covered in the book include citizenship and humanity critical theory and political community the problem of harm the sociology of states systems

Critical Theory and World Politics 2007-09-12

within the last twenty five years an enormous burst of creative production has emerged from independent filmmakers from stranger than paradise 1984 and slacker 1991 to gus van sant s elephant 2003 and miranda july s me and you and everyone we know 2005 indie cinema has become part of mainstream culture but what makes these films independent is it simply a matter of budget and production values or are there aesthetic qualities that set them off from ordinary hollywood entertainment in this groundbreaking new study j j murphy argues that the independent feature film from the 1980s to the present has developed a distinct approach of its own centering on new and different conceptions of cinematic storytelling the film script is the heart of the creative originality to be found in the independent movement even directors noted for their idiosyncratic visual style or the handling of performers typically originate their material and write their own scripts by studying the principles underlying the independent screenplay we gain a direct sense of the originality of this new trend in american cinema me and you and memento and fargo also presents a unique vision for the aspiring screenwriter most screenwriting manuals and guidebooks on the market rely on formulas believed to generate saleable hollywood films many writers present a three act paradigm as gospel and proceed to lay down very stringent rules for characterization plotting timing of climaxes and so on while others who appear to be more open about such rules turn out to be just as inflexible in their advice through in depth critical analyses of some of the most significant independent films of recent years j j murphy emphasizes the crucial role that novelty can play in the screenwriting process

Me and You and Memento and Fargo 2007-03-15

INTERNATIONAL RELATIONS, Fifth Edition 2020-06-01

since the end of the cold war mediation in international conflict has risen to the top of the international agenda this book takes a look at the oslo accords using recent developments in political and international theory

Cosmopolitan Mediation? 1999

this book deals with the questions of how global governance can and ought to effectively address serious global problems such as financial instability military conflicts distributive injustice and increasing concerns of ecological disasters providing a unified theoretical framework the contributors to this volume utilise argumentation research broadening the concept by identifying the concerns about agency lifeworld and shared reasoning that different strands of argumentation research have in common furthermore they develop the concept of argumentative deontology in order to make sense of the processes through which argumentation comes to shape global governance empirically the book demonstrates how ideas define actors interests shape their interactions with each other and ground intentions for collective action normatively it provides an excellent theoretical platform for unveiling less visible manifestations of power in global politics and thereby improves our understandings of the ethical implications of global ordering addressing topical issues such as conflict and inter civilizational

dialogue decision making in international regimes and organizations the world social forum the women s environment and development organization and tobin tax this book will be of interest to students and scholars of argumentation theory globalization and global governance

Arguing Global Governance 2010-10-04

this book will be the first systematic examination of the role that ethics plays in international security in both theory and practice and offers the reader a concrete ethics for global security questions of morality and ethics have long been central to global security from the death camps world wars and h bombs of the 20th century to the humanitarian missions tsunamis terrorism and refugees of the 21st this book goes beyond the just war tradition to demonstrate how ethical commitments influence security theory policy and international law across a range of pressing global challenges the book highlights how from patrolling a territorial border to maintaining armed forces security practices have important ethical implications by excluding some from consideration presenting others as potential threats and exposing them to harm and licensing particular actions while many scholars and practitioners of security claim little interest in ethics ethics clearly has an interest in them this innovative book extends the traditional agenda of war and peace to consider the ethics of force short of war such as sanctions deterrence terrorism targeted killing and torture and the ethical implications of new security concerns such as identity gender humanitarianism the responsibility to protect and the global ecology it advances a concrete ethics for an era of global threats and makes a case for a cosmopolitan approach to the theory and practice of security that could inspire a more just stable and inclusive global order this book fills an important gap in the literature and will be of much interest to students of ethics security studies and international relations

Ethics and Global Security 2014-06-27
