a mystified archeologist an amish ghost and avenging angels are just a few of the stories found in beyond the door volume 1 a twelve story supernatural anthology when multi published authors get together for a play date and are presented with a writing challenge they can t resist the results are not only surprising they sometimes stretch the limits of their storytelling abilities in the pages of beyond the door the demons at play will not be what you expect where else can you find a robotic barista a vengeful little girl and a murderous goddess who wants to come out and play what else may be lurking beyond the door interview with the writers q what possessed four otherwise normal writers to write such dark and horrifying stories a b alvarez it was the only way i could get them to unlock the basement door so i could get something to eat seriously serena b miller wait a minute you got out jesse r lyle the real answer is a b didn t see the sign that said push to open poor guy would have starved to death pulling on that door if we hadn t opened it for him we had to come up with some sort of story to help save his dignity derek e miller i was the last to say not it when it came to there being a responsible adult watching these hooligans so i was stuck with them all weekend i went to dark places in my mind to escape the reality i was stuck in so figured i might as well put the dark places on paper q serena b miller what was it like writing a dark amish story a it was freeing actually i love and admire my amish friends but there is a dark side to the amish that romance writers are expected to ignore it is inevitable that a culture as strict as theirs can take a toll on the psyche sometimes that toll presents itself in extreme depression q derek e miller do you always wear a bulletproof vest when you write a true story grandpa always did the dishes for grandma he would say proven scientific fact no man has been shot by his wife while doing dishes well seeing how i m not helping do dishes laundry or mowing the lawn when writing i can t be too careful q jesse r lyle are the tattoos all over your body the inspiration for your story ancient runes a yes and no the inspiration comes from knowing that everyone has a story whether big or small and some of those stories are just like tattoos some are hilarious or regretful some are meaningful or spiritual and yet some are private reminders of a struggle or addiction one is trying to overcome i guess the take away is be willing to listen and pay attention to the people around you q a b alvarez what is it with you and having to chop off body parts in your stories a there was no hacking of body parts in the kidnapping anna trilogy though there was a lot of computer hacking i think i had pent up body hacking impulses that came out in the abandoned farmhouse where we did our writing it is also true that the farmhouse was not abandoned not filled with cobwebs and not dark and foreboding thereby keeping me up every night wondering if i was going to make it out

alive except that it was

a bible student reference a new testament prophecy of a falling away from truth into apostasy and lawlessness in the final generation before jesus christ returns in glory is being fulfilled now and is shortly to end yet christianity has overwhelmingly moved so far from its first century roots that it could not even recognise this or that christ s return is therefore now almost upon us how and why this is the case is here explained thoroughly and logically with many examples directly from the word of god in god s saving plan for the world everyone must in time make a free will choice to become part of the israel of god in order to access eternal life in the kingdom of god the route to take is the strait and narrow way mat 7 13 14 that very few have so far found and it involves the biblical new and old covenants which both apply to this israel embark on this voyage only if you are willing to be challenged about some basic christian preconceptions be a serious open minded bible student and trust what the bible teaches but remember that time is short what the bible has taught me i see as both vital and urgent for our eternal salvation yet i know of no church or individual theologian who teaches what this book deals with in any substantive way be prepared for major challenges to your understanding just as god has challenged me in the epistles paul refers to two israels whom he calls israel after the flesh i cor 10 18 and the israel of god gal 6 16 i focus mainly on the latter but i also explain an unexpected but critically important connection

between them dependent on the teaching nearly all christian denominations either teach nothing at all on it or almost the opposite of what scripture repeatedly showed me looking back i find this absolutely staggering very few christians understand that the new covenant also only applies to israel as i will clearly show i no longer believe that the nt new testament can be fully understood without this extra israel dimension had i felt i could deliver this in a more light hearted way i would have done so but its implications are too awesome and fundamental to our eternal life prospects for that
