at a middle school in a small all white all protestant town in tennessee a special after school class was started to teach the kids about the holocaust and the importance of tolerance the students had a hard time imagining what six million was the number of jews the nazis killed so they decided to collect six million paperclips a symbol used by the norwegians to show solidarity with their jewish neighbors during world war ii german journalists dagmar and peter schroeder whose involvement brought the project international attention tell the dramatic story of how the paper clip project grew culminating in the creation of the children s holocaust memorial

## **Policy Vs. Paper Clips**

1995

as a maths and jewish studies teacher in a jewish day school chernofsky wanted a different and meaningful way for his students to relate to the holocaust from there evolved this book that has just one word six million times jew what would a book of six million jews look like this is a volume meant for library and institution presentations on the holocaust a daring attempt to give some small sense of the overwhelming number six million

## **And Every Single One was Someone**

2013

drawing on the historical changes in five areasâ the jobs of telephone operators workers in the printing and publishing industries information and data processors retail clerks and nursesâ this volume offers a comprehensive examination of how microelectronics and telecommunications have affected women s work and their working environments and looks ahead to what can be expected for women workers in the next decade it also offers perspectives on how workers can more easily adapt to the changing workplace and addresses the controversial topic of job insecurity as a result of an influx of advanced electronic systems

## **Computer Chips and Paper Clips**

1986-02-01

this companion to volume i presents individually authored papers covering the history economics and sociology of women s work and the computer revolution topics include the implications for equal employment opportunity in light of new technologies a case study of the insurance industry and of women in computer related occupations a study of temporary part time and at home employment and education and retraining opportunities
