the existence and attributes of god comprises the first two volumes of the works of stephen charnock 1628 1680 an english puritan divine who was highly skilled in philosophy patristics reformed theology and biblical languages these volumes are his abiding monument they are worthy of being compared with the finest in theology when the existence and attributes of god are called into question to whom else can we better go than to stephen charnock those things revealed belong to us and to our children forever the material that charnock discusses is firmly founded in the word of god both the old testament and the new emphasize these two things first we should study the whole revelation not just some easy or favorite parts of it secondly the study of god s attributes is not dry as dust theology but is practical that is it leads to righteousness dr gordon h clark from a preface to this great work in a sovereign grace edition 1958 one of the greatest tragedies in these spiritually starved times is the sad fact that most christians know so very little about their god it is often said that this is simply because these volumes are exhaustive on the subject yet it is clearly filled with sublime expositions of the truth regarding god s existence and attributes charnock displays god s attributes not as impersonal abstractions for the mind to juggle with but as qualities observable in the concrete actions of the living god of which the bible speaks the technical terms and sometimes arguments of scholastic theology are employed but always with a biblical orientation charnock has no desire to speculate but only to declare the works and ways the nature and character of the god of the bible the substance of his doctrine is characteristically puritan and representatively reformed dr james i packer in the encyclopedia of christianity volume ii p 410 the possessor of these rare volumes will be blessed by getting acquainted with the incomparable god and thereby will reach a higher plane of spiritual enjoyment never attained before to know him better is to love him more

preached at enfield connecticut on july 8 1741 this is perhaps the greatest sermon ever preached in america and is certainly among the most well known owing to its forthright dealing with god s wrath and his intense hatred of sin and the sinner it is also one of the most controversial indeed for more than three quarters of the sermon edwards lays down a relentless stream of the most vivid and horrifying descriptions of the danger facing unregenerate men while it is difficult to read such graphic language there is abundant hope in the sermon s conclusion edwards puts it this way and now you have an extraordinary opportunity a day wherein christ has thrown the door of mercy wide open and stands calling and crying with a loud voice to poor sinners while those who would rather ignore god s justice in favor of his mercy condemn edwards and his sermon those who were present and actually heard him preach that day reacted in a decidedly different manner according to the diary of reverend stephen williams who attended the sermon before the sermon was done there was a great moaning and crying through the whole house what shall i do to be saved oh i am going to hell etc the diary goes on to indicate that edwards had to interrupt his sermon and come down to minister to those who were under such awful conviction and so in spite of what the scoffers might think or say the amazing and astonishing power of god was manifested among the people that day with many falling not into the hands of an angry god but into the arms of a mighty savior

included here are two arthur pink classics the attributes of god and the antichrist the foundation of all true knowledge of god must be a clear mental apprehension of his perfections as revealed in holy scripture an unknown god can neither be trusted served nor worshipped in this booklet an effort has been made to set forth some of the principal perfections of the divine character if the reader is to truly profit from his perusal of the pages that follow he needs to definitely and earnestly beseech god to bless them to him to apply his truth to the conscience and heart so that his life will be transformed thereby something more than a theoretical knowledge of god is needed by us god is only truly known in the soul as we yield ourselves to him submit to his authority and regulate all the details of our lives by his holy precepts and commandments across the varied scenes depicted by prophecy there falls the shadow of a figure at once commanding and ominous under many different names like the aliases of a criminal his character and movements are set before us it is our intention to write a series of papers concerning this one who will be the full embodiment of human wickedness and the final manifestation of satanic blasphemy many others have made reference to this mysterious personage in their general expositions of prophecy but so far as our examination of the literature on this subject has carried us and we have endeavored to make it as thorough as possible there seem to have been very few attempts made to furnish a complete delineation of this prince of darkness we do not know of any exhaustive treatment of the subject and for this reason and also because there is no little confusion in the minds of many concerning the character and career of the coming man of sin these papers are not submitted to the attention of bible students arthur walkington pink was an english christian evangelist and biblical scholar born to christian parents prior to conversion he migrated into a theosophical society and quickly rose in prominence his conversion came from his father s patient admonitions from scripture it was proverbs 14 12 there is a way which seemeth right unto a man but the end thereof are the ways of death which particularly struck his heart and compelled him to renounce theosophy and follow jesus
