When Boundaries Betray Us 1999

carter heyward is howard chandler robbins professor of theology at the episcopal divinity school cambridge massachusetts

When Boundaries Betray Us 1993

presenting a provocative new attitude toward the role of intimacy in healing the author of touching our strength examines the traditional boundaries between therapist and patient and argues that such boundaries must be transcended to promote true healing

Mutuality Matters 2004

previous principles of hierarchy inequality and duty that defined the relationships between husband wife and children have been challenged and often replaced by more fluid bonds of equality intimacy emotional self disclosure communication and mutual trust the key question that has emerged for our times then is how exactly do families sustain genuine mutuality democracy and strong relationships figuring out good answers to this question is the major theme of this book and the origin of the title mutuality matters

Broken Boundaries - Stories of Betrayal in Relationships of Care 2008-08

a fascinating story of the caribbean island of redonda the reader is left to determine what is myth legend fiction or fact at times the story is highly amusing as king leo draws his own conclusions about his kingdom

Preventing Boundary Violations in Clinical Practice 2011-10-25

what do you do when you run into a patient in a public place how do you respond when a patient suddenly hugs you at the end of a session do you accept a gift that a patient brings to make up for causing you some inconvenience questions like these which virtually all clinicians face at one time or another have serious clinical ethical and legal implications this authoritative practical book uses compelling case vignettes to show how a wide range of boundary questions arise and can be responsibly resolved as part of the process of therapy coverage includes role reversal gifts self disclosure out of office encounters physical contact and sexual misconduct strategies for preventing boundary violations and managing associated legal risks are highlighted

When Boundaries Betray Us 1993

traditional wisdom dictates that the values and codes governing psychotherapy are if not self evident at least beyond question therapy must be conducted in an atmosphere of detachment objectivity and strict separation of personal and professional agendas between patient and therapist but what is the human cost of these values and do they really contribute to healing in when boundaries betray us feminist theologian and ethicist carter heyward delivers a lightning bolt reality check to this prevailing system of values drawing on her own traumatic experiences in therapy heyward exposes how the rigidly applied boundaries of the professional relationship can be fear based artificial constructs that stand in the way of true healing and our right relation to one another as people she shows how in our hetero sexist patriarchal society women especially must enter into healing on common ground creating a mutually empowering experience for therapist and patient recounting her eighteen months in therapy in an engaging and honest narrative heyward chronicles the life of a turbulent relationship from moments of deep personal discovery to a shared experience of spiritual connection to a growing hostility and an abrupt severing of relations she clearly illustrates how the intermingling of personal experience and emotion between therapist and patient is both inevitable and essential to the development of a truly trustworthy relationship and conversely she shows how traditional boundaries are merely a pretense and can in and of themselves lead to emotional and spiritual wounding in a controversial break with many other feminists over boundaries in therapy heyward calls for a new form of healing in community within the nurturing mutually beneficial framework of fully developed relationships involving mutual risk and she steps back from her own experience to pinpoint ongoing issues of power community and liberation that dramatically affect our ability to heal when boundaries betray us is both a personal story and a challenging vision of what true therapy and true healing can be it is must reading for all therapists and religious professionals for those in therapy and for anyone who wants to find the way to true well being book jacket title summary field provided by blackwell north america inc all rights reserved

The Faith Lives of Women and Girls 2016-03-16

identifying illuminating and enhancing understanding of key aspects of women and girls faith lives the faith lives of women and girls represents a significant body of original qualitative research from practitioners and researchers across the uk contributors include new and upcoming researchers as well as more established feminist practical theologians chapters provide perspectives on different ages and stages of faith across the life cycle from a range of different cultural and religious contexts diverse spiritual practices beliefs and attachments are explored including a variety of experiences of liminality in women s faith lives a range of approaches ethnographic oral history action research interview studies case studies and documentary analysis combine to offer a deeper understanding of women s and girls faith lives as well as being of interest to researchers this book presents resources to enhance ministry to and with women and girls in a variety of settings

Boundary Wars 1996

are intimate relations between clergy and those they serve or between mental health professionals and their patients ethical do such relations represent an abuse of power this book squarely addresses these questions and contains surprising answers while uniformly supporting victims and abhorring abuse these contributors reveal profound differences in interpreting the need for boundaries in healing relationships

Ethics and Spiritual Care 2010-10-01

ethics and spiritual care responds to three phenomena of increasing importance although spiritual care is at the heart of ordained ministry there is no text in professional ethics for clergy that focuses specifically on spiritual care what ethical guidelines are needed to ensure that spiritual care in ministry is appropriate many people in our world do not consider themselves religious but use the term spiritual the burgeoning interest in spirituality is an invitation to people with little training to set themselves up as spiritual directors guidelines are needed not simply for the ethical practice of parish ministry but for specific practices of spiritual direction allegations of spiritual abuse have been made both in practice and in the literature the term is being used with some frequency the development of this term and its implications requires some scrutiny and response as sexual abuse is not a good model for understanding spiritual abuse

Destructive Trends in Mental Health 2013-01-22

this book takes as its inspiration the assumption that the atmosphere of intellectual openness scientific inquiry aspiration towards diversity and freedom from political pressure that once flourished in the american psychological association has been eclipsed by an ultra liberal agenda in which voices of dissent controversial points of view and minority groups are intimidated ridiculed and censored chapters written by established and revered practitioners explore these important issues within the contexts of social change the ways in which mental health services providers view themselves and their products and various economic factors that have affected healthcare cost structure and delivery in short this book is intended to help consumers practitioners and policy makers to become better educated about a variety of recent issues and trends that have significantly changed the mental health fields

The Permeable Self 2021-09-17

the permeable self offers medievalists new insight into the appeal and dangers of the erotics of pedagogy the remarkable influence of courtly romance conventions on hagiography and mysticism and the unexpected ways that pregnancy often devalued in mothers could be positively ascribed to men virgins and god

Dual Relationships And Psychotherapy 2002-06-21

the opinions expressed in this publication go directly to the challenges we will collectively face as we enter the 21st century from the foreword by patrick h deleon phd jd abpp past president american psychological association this volume through a series of diverse approaches and considerations has dispelled for all time the monolithic notion that dual relationships are always harmful and should be avoided remarkable and refreshing

nicholas a cummings phd scd former president american psychological association this book the first of its kind covers the clinical ethical and legal aspects of non sexual dual relationships it provides detailed guidelines on how to navigate the complexities of intended and unintended crossings of the boundaries of the therapeutic relationship contributors representing various therapeutic approaches and work settings challenge the prevailing interpretations of ethical standards as presented by the american psychological and the american counseling associations code of ethics through case examples they demonstrate how non sexual dual relationships may result in increased trust familiarity and therapeutic effectiveness discussions include concerns of rural military church hearing impaired and other small communities behavioral cognitive humanistic and feminist views on dr and more this is a book for all practicing therapists appendices contain guidelines to nonsexual dual relationships in psychotherapy

Practice what You Preach 1999

calling for accountability practice what you preach discusses ethical questions that arise in congregations and pastoral leadership formation of pastors empowering leaders resolving power struggles between clergy and laity these and other critical pastoral issues are addressed by an ecumenical group of contributors divided into four parts the way the churches train their pastors the way their pastors live the way communities worship and the way communities behave this collection identifies and offers positive solutions to areas where churches are often slow to change each essay begins with a case describing a typical problem from wages to in fighting and then discusses what virtues or character traits might be developed to resolve the problem effectively

Issues In Therapy With Lesbian, Gay, Bisexual And Transgender Clients 2000-07-16

a diverse and extremely useful set of chapters at the cutting edge of thinking on work with sexual minorities an important and too often neglected aspect of therapist s and counsellor s training which this book does much to correct susie orbach author of the impossibility of sex this book takes the reader inside the multiple worlds of lesbian gay bisexual and transgender people and examines the different kinds of problems in living that can confront counsellors working with clients from these groups the book is humanistic in the broad sense of representing and reinforcing the human capacity to relate to choose and to live in accordance with values issues are explored through the unfolding of personal and interpersonal dilemmas issues in therapy is a welcome addition to the pink therapy series edited by dominic davies and charles neal they are essential reading for practitioners and trainees john mcleod professor of counselling university of abertay dundee an excellent resource for trainees trainers and

practitioners readers will find coverage of a wide number of areas not before easily accessible at all and certainly not in a single volume this book helps the reader think critically about many received notions within the field of therapy irrespective of their theoretical approach i believe this volume not only aids practitioners to work more effectively and ethically with lesbian gay bisexual and transgender clients but also makes a contribution to anti oppressive practice generally paul hitchings chair bps counselling psychology division many readers of pink therapy 1996 open university press found the affirmative approaches and detailed discussions there of numerous issues of particular concern to lesbian gay and bisexual clients invaluable this volume has twelve further areas discussed in clear and informative style by practitioners from their own professional experience and offers guidelines for good practice as well as full references and further resources with pink therapy and therapeutic perspectives on working with lesbian gay and bisexual clients from the same editors and publishers professionals interested in treating clients from these minorities equitably will find a wealth of support information and guidance not previously readily available

Being of Two Minds 2013-06-17

from the unfaithful husband to the binge eater from the secret cross dresser to the pilferer of worthless items there are those who seem to live two lives to be divided selves to be literally of two minds this division or vertical split appears in a person at odds with himself a person who puzzles over and even heartily dislikes that parallel person who behaves in so repugnant a manner in being of two minds arnold goldberg provides trenchant insight into such divided minds their origins their appearances and their treatment goldberg s inquiry into divided minds leads to a return to the psychoanalytic concept of disavowal which forms the basis of the vertical split goldberg explores the developmental circumstances that tend to a reliance on disavowal provides numerous examples of the emergence of disavowal in the treatment situation and considers the therapeutic approaches through which disavowal may be addressed he is especially perceptive in discussing the manner in which the therapist s own tendency to disavow may collusively interact with that of the patient goldberg considers the full range of splits to which disavowal gives rise from circumscribed instances of dissociation to the much debated multiple personality disorders he gives special attention to the role of the vertical split in patients with behavior disorders here his thoughtful insights point to a treatment approach that significantly differs both from the simple ascription of a self disorder and from the usual pedagogical emphasis on issues of self control and or punishment as goldberg shows the repugnance felt by many therapists for offensive behaviors emanating from the patient s parallel self are frequently shared by the patient who commonly despises misbehavior that he is unable to understand being of two minds begins to formulate just such understanding to the great benefit of patient and therapist alike

Healing Betrayal: First Steps for Partners and Spouses of Sex and Pornography Addicts 2018-05-17

healing betrayal first steps for partners and spouses of sex and pornography addicts is written by psychotherapist author and speaker mari a lee lmft csat s mari is the founder of growth counseling services a counseling and recovery center in southern california specializing in working with sex and

porn addicts and partner and spouse betrayal trauma with over 10 years of clinical experience mari has written healing betrayal for the partner or spouse who has just learned that their significant other may be dealing with sex and or porn addiction having had her own personal journey as a former partner mari knows first hand how heartbreaking and emotionally draining it is to be in relationship with a person who is sexually deceptive healing betrayal will support the partner and spouse as a first steps guide and road map to help them navigate the difficult journey of despair that so many betrayed and hurting spouses face

JUST MINISTRY 2010-09-01

ordained ministry says willimon is a gift of god to the church but that doesn't mean that it is easy always a difficult vocation changes in society and the church in recent years have made the ordained life all the more complex and challenging is the pastor primarily a preacher a professional caregiver an administrator given the call of all christians to be ministers to the world what is the distinctive ministry of the ordained when does one's ministry take on the character of prophet and when does it become that of priest what are the special ethical obligations and disciplines of the ordained in this book willimon explores these and other central questions about the vocation of ordained ministry he begins with a discussion of who pastors are asking about the theological underpinnings of ordained ministry and then moves on to what pastors do looking at the distinctive roles the pastor must fulfill the book also draws on great teachers of the christian tradition to demonstrate that while much about christian ministry has changed its core concerns preaching the word the care of souls the sacramental life of congregations remains the same ordained ministry is a vocation to which we are called not a profession that we choose to answer that call is to open oneself to heartache and sometimes hardship yet given the one who calls it is to make oneself available to deep and profound joy as well

Pastor 2020-12-21

a scholarly volume that reflects the rich diversity of anglican theology with contributions from an international panel of writers twentieth century anglican theologians offers a wide ranging view that presents a survey of over twenty diverse anglican thinkers the book explores well known figures including william temple austin farrer donald mackinnon and john a t robinson these theologians are set in a wider context alongside others from india china australia ghana and elsewhere notably the subjects include a number of women from evelyn underhill the first woman to teach the clergy of the church of england to esther mombo a major contemporary anglican figure from kenya the book reflects the rich diversity of anglicanism suggesting the ongoing vitality of this religious tradition this important book contains information on a number of prominent women anglican thinkers includes contributions from experts from around the world presents material on both familiar figures and others that are unjustly little known written for students and teachers of anglicanism anglican clergy and ecumenical colleagues twentieth century anglican theologians is the first book to reflect the diversity of the anglican tradition by considering its global theological representatives

Twentieth Century Anglican Theologians 2009-12-01

this volume deals with the subject of betrayal and is appropriate as a self help aid for clients it also contains useful suggestions for therapists dealing with those who have experienced betrayal of trust lucy r ferguson ph d member aftnc faculty member and dean emerita cspp alliant university

Breaking Through Betrayal 2014-11-07

what is the price minnie must pay for loving her husband so blindly and what s samiyah to do when boyfriend 2 doesn t take gerran the other man in her life too kindly now that sleepy is home he learns he s not there alone his brother s in bed with his girlfriend eli s on the verge of losing his nerve because he doesn t like the taste of his own medicine as it happens in life the eyes often deceive what some think is real could be make believe but there will be punishments for the deceitful webs that they weave and some will be trapped in situations they can t leave the drama is thick and the betrayal is deep because love knows no boundaries when karma s unleashed

Love Knows No Boundaries II 2019-03-01

explore what faithful parenting might look like today in let the children come bonnie j miller mclemore explores the question what does faithful parenting look like today as she addresses this query she updates outmoded and distorted assumptions about and conceptions of children in popular us culture she also shows important insights and contributions religious traditions and communities christianity in particular make as we examine how to regard and treat children well miller mclemore draws on historical and contemporary understandings of christianity psychology and feminism to push back against negative trends such as the narcissistic use of children for adult benefit the market use of children to sell products and the failure to give children meaningful roles in the domestic work of the family and the life of wider society miller mclemore views children as full participants in families and religious communities and as human beings deserving of greater respect and understanding than people typically grant them in particular the book rethinks five ways adults have viewed and misperceived children as victims sinful gifts work the labor of love and agents reimagining children she proposes will lead to a renewed conception of the care of children as a religious practice

Let the Children Come 2012-01-01

helping therapists navigate the complexities of emotional interactions with clients this book provides practical clinical guidelines master clinician karen j maroda adds an important dimension to the psychodynamic literature by exploring the role of both clients and therapists emotional experiences in the process of therapy vivid case examples illustrate specific techniques for becoming more attuned to one s own experience of a client offering direct feedback and self disclosure in the service of treatment goals and managing intense feelings and conflict in the relationship maroda

clearly distinguishes between therapeutic and nontherapeutic ways to work with emotion in this candid and instructive guide

Psychodynamic Techniques 2014-06-17

first published in 1997 routledge is an imprint of taylor francis an informa company

Lost Childhoods 2017-07-28

gay spirituality represents a hidden strand in western thought that was only publically declared from the gay liberation of the 1970s since coming out expressions of gay spirituality have proliferated in both number and diversity beginning with gay theology within christianity the phenomenon has now reached as far as buddhism and neo paganism but so far critical analysis of the movement has been very limited largely because gay spirituality has been treated as a political and social movement arguing for rights and acceptance within religious circles a special illumination offers an indepth analysis and argues that gay spirituality should be placed at the heart of religion

***A Special Illumination* 2017-03-24**

jonathan s loves david s laments uses early modern musical interpretations of david s lament over saul and jonathan to deepen the historicist foundations of contemporary feminist and gay relational theologies after laying out how gay theologian gary david comstock connects the story of david and jonathan to the theology of lesbian theologian carter heyward the argument interrogates both theological and exegetical problems in making those connections which include contradictory theological stances with regard to modernity and history as well as the indeterminacy of the biblical text early modern musical interpretations of the text allow for a double move of engaging the texts through a sensual medium thus reinforcing queer possibilities for meaning making from the biblical text and staying attuned to the fact that the history of interpretation reinforces the indeterminacy of the text thus keeping queer interpretations aware of the relativizing function of historical difference

Jonathan's Loves, David's Laments 2004-11-23

doing better is intended to help therapists and counselors to explore more fully and systematically the processes of self improvement in their work and lives

Doing Better 2004-10-29

annotation american empire challenges our deepest assumptions about the rise of american globalism in the twentieth century and puts geography back into the history of what is called the american century

American Empire 2005-07-25

as right wing conservatives dare to call themselves christians while tearing down equality and justice and fanning the flames of fascism in america carter heyward issues a call to action for true lovers of god only by condemning the destructive culture of white christian nationalism can we fashion a world full of god s truth love and wisdom

Mutuality 2022-09-15

this book is a full scale disciplinary framework for pastoral psychotherapists pastoral counselors at intermediate and advanced levels of clinical training and also for experienced pastoral counselors and psychotherapists in professional practice it harvests the great potential of postmodern sensibilities to help accompany and support individuals couples and families in recognizing and healing especially painful psychic wounds and or longstanding patterns of self defeating relationships to self and others pamel cooper white s widely praised work which has always integrated cutting edge notions from the social sciences into pastoral therapy here takes a distinctive and promising turn toward the relational and the theological pastoral psychotherapy she argues needs to find its framework in a strongly relational idea of the person god and health illustrated throughout by four key case studies cooper white shows in part 1 how multiplicity and relationality provide a dynamic and exciting way of viewing human potential and pain in part 2 she unfolds the practical applications of this paradigm for a strongly empathic therapeutic relationship and process

The Seven Deadly Sins of White Christian Nationalism 2006-11

sex sin and our selves brings together readings in feminist theological thought and the literature of the acclaimed contemporary writers michele roberts and sara maitland through placing theology in conversation with roberts s and maitland s literary engagement with issues of religion and gender this book explores themes of selfhood connection sex sin and self sacrifice in doing so it challenges a tendency of feminist theology to seek simple and idealized answers rather than honor complexity and the need to continue to ask questions in the encounters in feminist theology and contemporary women s writing anna fisk employs autobiographical narrative critically understood as reading these stories beside my own

Many Voices 2014-03-17

Sex, Sin, and Our Selves 2020-03-24

this book offers a feminist philosophical analysis of contemporary public skepticism about women s memories of past harm it concentrates primarily on writings associated with the false memory syndrome foundation fmsf founded in 1992 as a lobby for parents whose adult children have accused them of some abuse after a period of having not remembered it visit our website for sample chapters

Working with Gay Men and Lesbians in Private Psychotherapy Practice 2003

helps people working with youth think in new ways about the relationships between work love and identity and how these interact within the socio political processes of class race gender and sexuality

Relational Remembering 1995-01-01

in this theological resource for spiritual transformation and social change carter heyward rethinks the figure jesus and his import for church academy and society rather than focus on the endlessly variable pictures of jesus in contemporary biblical scholarship and in radical opposition to the jesus of the christian right heyward presents jesus as our brother infused with a sacred power and passion for embodying right mutual relation and ourselves with him in this commitment she goes on to explore concretely how we might live this way

Where "Something Catches" 2010-10-30

i see spirituality and social change to be integrally related to each other i believe that liberation efforts that are supported by spiritual experiences of integration promote human dignity as well as social equality bodied mindfulness combines spiritual social and analytical perspectives to explore topics central to women s development spirituality women s bodies cultural constructions of women s sexuality in language sexual ethics the sexual contract in politics and at work and the relation between nature and culture it is tomm s deeply held conviction that women need to bring a vital spirituality to feminist social criticism in order to resolve these issues and increase their power to promote social justice and ecological balance tomm embraces a vast store of knowledge from diverse sources including buddhist shamanist and feminist resources in a move away from abstract theorizing she explicitly connects theory with realities lived by women grounding theory in personal experience her own and others tomm delivers a powerful and empowering account of women s spirituality the resulting ontological transformation allows women to live deeply in the body while strengthening their relation to human and non human matter and energy bodied mindfulness will be of great interest to feminist scholars in all disciplines but most particularly to those in women s studies and religious studies

Saving Jesus from Those Who Are Right 2014-04-23

couples building bridges shows therapists how to successfully apply basic principles of human interaction and communication to help facilitate intimate connections between people using the approaches in this book you will see how the bridge between couples materializes naturally as a result of the combination of respect truth careful observations awareness and shared information contributors in couples building bridges encourage therapists to bring their own behavior into awareness to see themselves as the major instrument of change in the therapy process and to recognize that work must begin with themselves before starting to work with couples however the book stresses that therapy is not something performed on a couple but rather a process geared toward increasing the range of choice of behavior for clients therapists working with couples or with individuals seeking therapy concerning their intimate relationships will find couples building bridges a valuable reference for promoting healthy open relationships

Bodied Mindfulness 2002-12-05

this incisive critique thoroughly and convincingly debunks the claims that recently discovered texts such as the gospel of thomas the gospel of mary and even the dead sea scrolls undermine the historical validity of the new testament jenkins places the recent controversies surrounding the hidden gospels in a broad historical context and argues that far from being revolutionary such attempts to find an alternative christianity date back at least to the enlightenment by employing the appropriate scholarly and historical methodologies he demonstrates that the texts purported to represent pristine christianity were in fact composed long after the canonical gospels found in the bible produced by obscure heretical movements these texts have

attracted much media attention chiefly because they seem to support radical feminist and post modern positions in the modern church indeed jenkins shows how best selling books on the hidden gospels have been taken up by an uncritical drama hungry media as the basis for a social movement that could have powerful effects on the faith and practice of contemporary christianity

Couples 2021-08-23

self supervision synthesizes the literature on the theory and practice of self supervision and provides counselors and human service professionals with a plan for the pursuit of independent professional growth the classic edition includes a new preface from the author reflecting on his work and on the changes in society and the field since the book s initial publication in these chapters professionals will find cost effective and efficient strategies for developing their skills while still ensuring that they re providing quality treatment they ll also find a diverse array of strategies for self supervision and a thoughtful discussion of reflective processes required to effectively evaluate one s own practices
